Editorial Review

Review

"MacKinnon's Ethics is the perfect introductory text. It presents a balance of theory and application, and a balance of historical and contemporary readings. It provides a wealth of up-to-date empirical data on all of the topics discussed. And on top of that, it's written in a clear, engaging style."

"It is rare to find a text that provides an excellent combination of both ethical theory and applied ethics in a single volume that is concise, highly readable, and quite informative. MacKinnon's text is right on target!"
