*By William J. Bodziak*

## **Footwear Impression Evidence: Detection, Recovery and Examination, SECOND EDITION (Practical Aspects of Criminal and Forensic Investigations) By William J. Bodziak**

Reviewed and recognized as the most authoritative source in the field, this book describes the methods used worldwide to recover and identify footwear impressions from the scene of a crime.

In this new edition, everything, including the original twelve chapters, bibliography, appendix, etc., has been clarified, updated and expanded. This edition includes updated and new information on recovery procedures and materials such as lifting, photography and casting; chemical enhancement; updated information about footwear manufacturing; footwear sizing; and known impression techniques and materials.

### **WHAT'S NEW IN THE SECOND EDITION:**

Besides updating and expanding the twelve original chapters, **Footwear Impression Evidence: Detection, Recovery and Examination, Second Edition** adds three new chapters: one chapter on barefoot evidence, which concerns impressions made by the naked or sock-clad foot or those which remain in abandoned or discarded footwear; another new chapter on several cases in which the footwear impression evidence was of primary importance in bringing about a conviction or confession; and finally, a new chapter on the footwear impression evidence in the O.J. Simpson criminal and civil cases.

## **Editorial Review**

### **Review**

"The book is an updated edition of Bodziaks' highly respected Footwear Impression Evidence, published in 1990, which at the time also updated and brought together knowledge, which the footwear impression examiner would require in practice. . . There is no doubt that this book is essential reading for the footwear impression examiner, representing the most comprehensive considerations of footwear impression evidence to date. . . the book is an essential purchase for anyone involved in footwear identification. The first edition was a classic in its own right written by an acknowledged master in the field of footwear impression evidence. . . Despite this, I would undoubtedly recommend the book for those working in this area of identification." -Dr. Wesley Vernon PhD "contains virtually everything that a footwear mark examiner should know about, with information gleaned from all around the world an extremely useful reference for any aspiring footwear mark examiner. Even long established examiners are likely to find something of interest in it." - Science & Justice Review of the first edition: "By any measure this is a comprehensive treatment of the many forensic components of shoemark evidence." -Forensic Science International

## **Users Review**

### **From reader reviews:**
