Going Faster! Mastering the Art of Race Driving By Carl Lopez

Going Faster! Mastering the Art of Race Driving is the perfect resource for drivers from novice to expert. The fundamentals of fast driving are revealed in this definitive how-to book for racers. You will find the competition-proven methods of instructors and of professional drivers that will give you the know-how to work up the track and stay at the front.

Interested in the world of racing? Just think, you can have lessons and insights from Skip Barber instructors and from professional racers compiled in one handbook. This racing reference reveals the secrets of mastering car control, reducing lap times, and takes the reader inside the world of racing.

Going Faster! reveals the collective racing wisdom Skip Barber Racing School instructors have accumulated over the past 25 years.

Going Faster! is more than just a primer covering the basics. The hard-won knowledge of dozens of championship-winning race drivers-invaluable insights collected throughout their own careers-is distilled into a clear, understandable, organized progression. This book is about how the best drivers in the fastest, most sophisticated racecars use advanced race driving techniques-the difference between competence and brilliance.

Going Faster! is a book for the active race driver, the racer-to-be and the auto-racing fan who wants to know what driving a racecar is really about.

Foreword by Danny Sullivan

Editorial Review

...demystifies the techniques of race driving. -- Playboy The best and most comprehensive book about driving racing cars, including cornering, car control, racing in the rain, and tuning the chassis. Mandatory reading for anyone who wants to drive fast on the street or on the track. -- Automobile There really is nothing about racing this book does not cover. -- Sports Car International Going Faster! is the most complete, most compelling, best-illustrated look at the technique and science of race driving seen to date... Even if you're a veteran of many driving schools, you'll have trouble putting this book down. -- Road & Track Going Faster!... may be the best book on race-driving technique to date... Going Faster! is not a substitute for the Barber three-day racing class, but... it's the next best thing to being there. -- Car and Driver If race driving were taught as a multi-semester course at a prestigious university, the textbook would look a lot like Going Faster!... Every race driver would be well served to reread Going Faster! at least once a season... -- Motor Trend The book is incredibly in-depth, going a few steps further than those that simply say 'a late apex is always better'. -- Grassroots Motorsports Three types of readers will find Lopez' work particularly useful: the would-be racer who wants a real taste of what the track is like, the driver who wants to improve, and the racing fan who wants better to understand what he sees going on at the track. All will be rewarded by a thorough read of this excellent book. -- Excellence For a beginner not to avail themselves of this book is unpardonable. More experienced drivers will also be making a mistake to avoid it. You may not agree with everything it says about racing, but it will make you think about your driving in competition. -- Sports Car Magazine No racer, or driver school participant should be without this book. -- Roundel Magazine Users

Review From reader reviews:

Peter Cox: The experience that you get from Going Faster! Mastering the Art of Race Driving will be the more deep you digging the information that hide in the words the more you get enthusiastic about reading it.
