**Self-Assessment Color Review of Reptiles and Amphibians (SELF-ASSESSMENT COLOR REVIEW SERIES)** By Fredric L. Frye, David L. Williams

With the great increase, worldwide, in the number and variety of reptiles and amphibians kept as pets, in collections or for research, veterinary practitioners are expected to have a good knowledge of the medicine needed to treat them. This Self-Assessment Color Review presents the reader with over 250 short cases using high quality color photographs and questions pitched at various levels of expertise, plus detailed explanatory answers. The cases appear randomly, just as in real life, and allow the reader--by solving the clinical puzzle--to make differential diagnoses, treatment plans and prognoses.

Both authors are internationally renowned, and Dr. Frye is a world authority on reptile and amphibian medicine. Practitioners and students at all levels, as well as herpetologists, professional and amateur, will find in this Color Review a wealth of problem-oriented material to learn from and enjoy in their formal and informal training and continuing education.
