Shattered World (Broken World Book 2) By Kate L. Mary

***Shattered World*, the exciting sequel to *Broken World*, follows a group of survivors as they struggle to find safety in a world shattered by a devastating virus, and taken over by the walking dead...**

Stranded in the middle of the Mojave Desert, surrounded by zombies, Vivian and Axl are sure they're facing the end. The dead are closing in and the shelter they were promised is sealed tight. Just when they think they've run out of time, the doors are thrown open. Five years underground with all the provisions there for the taking. It's almost too good to be true. With the promise of security, Vivian hopes she'll finally be able to deal with the loss of Emily, her growing feelings for Axl, and the terrifying new world they're facing.

But their sense of security is soon shattered when they discover the shelter isn't the utopia they thought it would be. It seems the company that built the shelter decided to solve their financial problems by selling off provisions, which means the group has to find a way to get supplies. Or face starvation.

And Vegas is the closest city.

With her feelings for Axl stronger than ever, Vivian volunteers to accompany him and a few others on a trip into one of the biggest tourist cities in the world. Vegas is overrun with zombies, but there are other survivors as well. Only not everyone they meet is a welcome sight. As the emotional baggage piles up, Vivian and Axl's bond grows, but it doesn't take long to realize that zombies aren't the only thing they have to fear.

## **Editorial Review**

### **Review**

"I like how Ms Mary was able to balance action, suspense, and horror." ---Mama Knows Books

### **From the Author**

This was the first book I put out all on my own. *Broken World*, fortunately, was edited while I was under contract with a publisher, but with *Shattered World* I had to learn by trial and error. Yes, I did hire an editor, but the type of editing you get with a publisher would cost an Indie author thousands of dollars - I recently saw a veteran Indie author say it cost her \$7,000 to put one book out. A figure that seems about right.

Many readers have pointed out that the editing in book two is not as clean. As a reader, I never understood how typos and editing issues could get through, but now that I'm a writer I get it. Even with multiple sets of eyes on a book, it's tough to find them all. I also wanted to point out that some of these "typos" the reviewers are referring to were intentional. Dialect changes from region to region, and certain words are used to portray that. I've done my best to create a distinct voice for Angus and Axl, which people could mistake for lack of editing.

As of January 20, in response to the reviews that pointed out repetitive facial expressions by my main character, which is habit of mine that I'm desperately trying to break, I've done a sweep of the manuscript and fixed the issue. To quote Stephen King, "Only God gets it right the first time." *Shattered World* is a work in progress, just like everything else in my life.
