### **The Gates (The Samuel Johnson Series)** By John Connolly

Young Samuel Johnson and his dachshund, Boswell, are trying to show initiative by trick-or-treating a full three days before Halloween, which is how they come to witness strange goings-on at 666 Crowley Road. The Abernathys don't mean any harm by their flirtation with the underworld, but when they unknowingly call forth Satan himself, they create a gap in the universe, a gap through which a pair of enormous gates is visible. The gates to Hell. And there are some pretty terrifying beings just itching to get out.... Can one small boy defeat evil? Can he harness the power of science, faith, and love to save the world as we know it?

Bursting with imagination and impossible to put down, The Gates is about the pull between good and evil, physics and fantasy and the courage of a boy who is barely old enough to trick or treat on his own. This novel makes anything seem possible.

## **Editorial Review**

From Publishers Weekly

In this frothy fantasy thriller from bestseller Connolly (*The Book of Lost Things*), 11-year-old Samuel Johnson witnesses an inadvertent intersection of science and the supernatural while trick-or-treating at the Abernathy household in Biddlecombe, England. Something nasty reaches through an atomically engineered portal to Hades and possesses four suburban sorcerers. From that point on, Samuel finds himself battling hordes of invading demons and desperately trying to convince disbelieving adults that the impending end of the world is not a fancy of his overactive imagination. Connolly plays this potentially spooky scenario strictly for laughs, larding the narrative with droll jokes, humorous asides and the slapstick pratfalls of Nurd, an amusingly incompetent subdemon whom Samuel ultimately befriends. Though billed as an adult book for children, this light fantasy will strike even adult readers as divertingly whimsical. (*Oct.*)

From [Bookmarks Magazine](#)

Critics compared John Connolly to two first-rate children's authors (Eoin Colfer and Madeline L'Engle) and two great satirists (Terry Pratchett and Douglas Adams—whom many of us started reading in middle school anyway). *The Gates*, they said, displays the wonder and wit of the works of each of this impressive quartet while also having a personality of its own. Reviewers were especially impressed with the explanations of quantum mechanics, wormholes, black holes, and the Hadron Collider—which lent more scientific substance to the story. While noting a few spots that made the plot drag, critics generally recommended the book to both children and adults.

About the Author

John Connolly is the author of the Charlie Parker series of mystery novels, the supernatural collection *Nocturnes*, the Samuel Johnson Trilogy for younger readers, and (with Jennifer Ridyard) the Chronicles of the Invaders series. He lives in Dublin, Ireland. For more information, see his website at [JohnConnollyBooks.com](http://JohnConnollyBooks.com), or follow him on Twitter @JConnollyBooks.

## **Users Review**

**From reader reviews:**

**Melissa Becker:**

Nowadays reading books be than want or need but also turn into a life style. This reading routine give you lot of advantages. The advantages you got of course the knowledge the actual information inside the book that will improve your knowledge and information.
