Building Paradise (Master Series) By Peter Dawkins

BOOK DESCRIPTION

- * What is Bacon's 'Art of Discovery'? And why is it still important today?
- * Why did Bacon call his work The Six Days' Work?
- * Are we now entering Bacon's long-awaited 'New Age'?

This book is about the work of one of the world's greatest geniuses to appear in a very long time -- Sir Francis Bacon. To which the Elizabethan poet laureate Ben Jonson had also commented.....'for many ages'. Bacon was not only just a great genius in science, law and philosophy, but he was also one of the great Masters of Wisdom -- the Master who was the 'Elijah' or herald of the Aquarian Age that we are now entering in the 21st century. Bacon was the 'Apollo' of the Rosicrucians and the founder and first Grand Master of modern Freemasonry. As you will read in this book, Bacon's mission was to bring us a special Art of Discovery and to train us in this art, too. The idea is that we can also discover all things, all truth, in a beautiful, life-enhancing way -- the way of a true artist, to help manifest a paradise on earth for all people, all creatures, all nature, and all of life itself. It is extraordinary how Bacon left us -- centuries ago -- a particular method by which this may still be accomplished today.

From the Inside Flap

SYNOPSIS

In Building Paradise, Peter Dawkins details Francis Bacon's great project known as 'The Six Days' Work' and describes Bacon's ingenious method -- an Art of Discovery -- with which we might be able to discover all things, all truth, in a proficient, beautiful and life-enhancing way, and, in the process, build a paradise on earth. Like a captain who guides a ship, the Art of Discovery can help you, too, on your own 'voyage of discovery'. Bacon's unique Art of Discovery is essentially Cabalistic, and the Six Days' Work is the Rosicrucian work. Even now, in the 21st century, Bacon's Art of Discovery method is still relevant today. Come and explore this fascinating topic by world-renowned author Peter Dawkins.
