**Dangerous Curves** By Peter Cheyney

A dame has to have more than beauty and breeding to stop Slim Callaghan doing things his way. Mrs Riverton has plenty of both, but when she begins to interfere in Slim's search for her stepson, things start to hot up.

Slim's motto is: 'We get there somehow and who the hell cares'. The problem is that someone does ...

### Editorial Review

#### About the Author

Reginald Evelyn Peter Southouse Cheyney was born in Whitechapel in the East End of London. After serving as a lieutenant during the First World War, he worked as a police reporter and freelance investigator until he found success with his first Lemmy Caution novel. In his lifetime Cheyney was a prolific and wildly successful author, selling, in 1946 alone, over 1.5 million copies of his books. His work was also enormously popular in France, and inspired Jean-Luc Godard's character of the same name in his dystopian sci-fi film *Alphaville*. The master of British noir, in Lemmy Caution Peter Cheyney created the blueprint for the tough-talking, hard-drinking pulp fiction detective.

### Users Review

#### From reader reviews:

##### **Aline Moran:**

What do you concentrate on book? It is just for students as they are still students or that for all people in the world, the particular best subject for that? Just simply you can be answered for that question above. Every person has several personality and hobby per other. Don't to be pushed someone or something that they don't would like do that. You must know how great along with important the book Dangerous Curves. All type of book could you see on many solutions. You can look for the internet solutions or other social media.

##### **Scott Frew:**

What do you regarding book? It is not important together with you? Or just adding material when you want something to explain what the one you have problem? How about your spare time? Or are you busy man? If you don't have spare time to complete others business, it is make one feel bored faster. And you have time? What did you do? Every individual has many questions above. They have to answer that question mainly because just their can do which. It said that about guide. Book is familiar in each person. Yes, it is correct. Because start from on jardín de infancia until university need that Dangerous Curves to read.

##### **Harry Fulford:**

Reading can called brain hangout, why? Because if you are reading a book specially book entitled Dangerous Curves your thoughts will drift away trough every dimension, wandering in every single aspect that maybe unknown for but surely will end up your mind friends. Imaging each word written in a reserve then become one type conclusion and explanation which maybe you never get ahead of. The Dangerous Curves giving you one more experience more than blown away the mind but also giving you useful information for your better life on this era. So now let us explain to you the relaxing pattern here is your body and mind will likely be pleased when you are finished reading through it, like winning a game. Do you want to try this extraordinary paying spare time activity?

**Mary Peterson:**

As a college student exactly feel bored to be able to reading. If their teacher inquired them to go to the library or to make summary for some book, they are complained. Just very little students that has reading's heart or real their interest. They just do what the trainer want, like asked to the library. They go to right now there but nothing reading seriously. Any students feel that studying is not important, boring as well as can't see colorful pics on there. Yeah, it is to be complicated. Book is very important for you. As we know that on this period, many ways to get whatever we want. Likewise word says, ways to reach Chinese's country. Therefore , this Dangerous Curves can make you truly feel more interested to read.
