School for Sidekicks: The Academy of Metahuman Operatives By Kelly McCullough

"Evan Quick, Hero's Log, May the 25th... and darn it – I just can't do this. I'm never going to be a Mask. Get over it Evan."

Evan Quick has spent his whole life dreaming of becoming a hero. Every morning he wakes up and runs through a checklist of test to see if he's developed powers over night, and every day it is the same thing – nothing. No flying, no super strength, no heat rays or cold beams. No invulnerability – that always hurt to check – no telepathy, no magic. Not even the ability to light a light bulb without flipping a switch. And now, he's finally ready to give up.

But then, the class field trip to the Mask Museum is interrupted by a super villain attack, and Evan somehow manages to survive a death ray. Even better, Evan's favorite Mask, Captain Commanding, shows up to save them all -- and when things go very wrong, it's Evan who finds the strength to come to *Captain Commanding's* rescue.

Yet the hero's reception Evan is expecting never happens. Before he even gets the chance to say hello, Evan is bundled away to The Academy, an institution derisively called The School for Sidekicks by its students. Forced to take classes like Banter Basics and Combat with Dinnerware, while being assigned as an 'apprentice' to Foxman – a Mask widely considered a has-been -- Evan starts to worry that he'll never be able to save the day...

Editorial Review

From School Library Journal

Gr 4–6—Evan Quick is a self-proclaimed superhero geek in a world where superheroes (called Masks) and villains (Hoods) are real. Evan has never wanted anything more than to become a true superhero but, despite checking daily, has never shown any discernible supernatural abilities. So when Hoods attack a museum during his class field trip, and he somehow manages to save his idol Captain Commanding and survive an unsurvivable death ray, Evan is surprised to find himself in a secret Academy for Metahuman Operatives, aka the School for Sidekicks, where he discovers that the world of Masks and Hoods is not at all what he thought. The story's pacing is a bit uneven, and the multitude of character names, superhero aliases, and descriptions of cryptic superhero technology can get a bit muddled. Evan, however, is a likable protagonist, and the story is infused with equal measures of wit and action. **VERDICT** This will appeal to middle grade readers looking for slightly campy superhero stories.—Jessica Marie, Salem Public Library, OR

Review

“Evan's smartass narration, dangerous run-ins with evil Hoods, tough moral quandaries, and a wild range of superpowered heroes and villains make this an excellent choice for any reader awaiting the next Marvel film.” *?Publishers Weekly, Starred Review*

“Disquieting revelations await a fledgling teenager at superhero school...Readers will savor his triumph as well as the melodramatic plot and the cast's rib-tickling array of 'metahumans'.” *?Kirkus Reviews, starred review*

“Evan is a likable protagonist, and the story is infused with equal measures of wit and action. This will appeal to middle grade readers looking for slightly campy superhero stories.” *?School Library Journal*

“This thoughtful superhero book will appeal to readers who prefer world- and character-building over action. Evan is a compelling character, whose internal wrestling with his parents' rejection of his ambitions, his loss of faith in the cowardly Captain Commanding, and his determination to do good ring true. His interesting world overflows with unusual, humorous, and creative superpowers that go beyond simple strength.” *?VOYA*

“The author of the Fallen Blade fantasy novels for adults makes a sparkling debut for middle-grade readers in this entertaining, expertly crafted parody of superhero adventures....The superheroes he creates are inspired...Add to that Evan's hilarious narration, a vivid setting of high-tech wonders and page turning suspense, and you have a real summer treat.” *?Jean Westmoore, The Buffalo News*

“There is so much to recommend about this wonderful adventure tale. . . . Evan and his friends at Hero High are pretty normal adolescents caught in extraordinary circumstances, much as a famous young wizard once was in the ‘Harry Potter’ series.” *?Children's Literature*

“McCullough manages an impressive feat in *School for Sidekicks*; the novel takes pre-teen readers on a nuanced journey into the day-to-day complexities of everyday adolescence, while giving them a breathless glimpse into an amazing new world rendered real by vivid prose.” *?Ella Cosmo, BNKids Blog*

About the Author

KELLY McCULLOUGH is the author of the adult fantasy series Webmage and Assassin's Blade. *School for Sidekicks* is his first novel for young readers. He lives in Wisconsin with his physics professor wife and a small herd of cats, all of whom he adores.

Users Review

From reader reviews:

Charles Settles:

Book is usually written, printed, or outlined for everything. You can understand everything you want by a book. Book has a different type. To be sure that book is important matter to bring us around the world. Beside that you can your reading ability was fluently. A publication *School for Sidekicks: The Academy of Metahuman Operatives* will make you to be smarter. You can feel considerably more confidence if you can know about almost everything. But some of you think which open or reading a book make you bored. It is not necessarily make you fun. Why they could be thought like that? Have you looking for best book or acceptable book with you?

Roderick Donnell:

Here thing why this particular *School for Sidekicks: The Academy of Metahuman Operatives* are different and reliable to be yours. First of all studying a book is good however it depends in the content of it which is the content is as delicious as food or not. *School for Sidekicks: The Academy of Metahuman Operatives* giving you information deeper including different ways, you can find any publication out there but there is no e-book that similar with *School for Sidekicks: The Academy of Metahuman Operatives*. It gives you thrill reading journey, its open up your personal eyes about the thing in which happened in the world which is probably can be happened around you. It is possible to bring everywhere like in area, café, or even in your technique home by train. If you are having difficulties in bringing the published book maybe the form of *School for Sidekicks: The Academy of Metahuman Operatives* in e-book can be your option.

Delores Keener:

Your reading sixth sense will not betray an individual, why because this *School for Sidekicks: The Academy of Metahuman Operatives* e-book written by well-known writer who knows well how to make book that could be understand by anyone who have read the book. Written within good manner for you, still dripping wet every ideas and publishing skill only for eliminate your own personal hunger then you still skepticism *School for Sidekicks: The Academy of Metahuman Operatives* as good book not merely by the cover but also with the content. This is one e-book that can break don't judge book by its protect, so do you still needing one more sixth sense to pick this specific!? Oh come on your studying sixth sense already told you so why you have to listening to one more sixth sense.

Robert Frith:

What is your hobby? Have you heard that will question when you got learners? We believe that that issue was given by teacher to their students. Many kinds of hobby, Everyone has different hobby. And you know

that little person including reading or as reading through become their hobby. You need to understand that reading is very important and also book as to be the thing. Book is important thing to add you knowledge, except your teacher or lecturer. You find good news or update in relation to something by book. Many kinds of books that can you choose to adopt be your object. One of them is School for Sidekicks: The Academy of Metahuman Operatives.
