## The Palgrave Handbook of the European Administrative System (European Administrative Governance) From Palgrave Macmillan

Drawing on research from the administrative sciences and using organizational, institutional and decision-making theories, this volume examines the emerging bureaucratic framework of the EU and highlights that analyzing the patterns and dynamics of the EU's administrative capacities is essential to understand how it shapes European public policy.

### Editorial Review

#### Review

'This Handbook reveals the interlocking organizational, political and multi-level dimensions of the EU's administrative system. The individual chapters enrich our understanding of its distinctive institutional and behavioral aspects; together, they delimit how this emerging administrative order enhances and limits the EU's role as an autonomous policymaker.'

Chris Ansell, University of California, Berkeley, USA
