#### **Review**

When you can pick up a book, read it and become filled with clarity on things not even directly said I consider it profound. That is exactly the kind of thing that will happen when you read the pages of this book. Even knowing that you're not one of the women Pierre once loved, you feel like pieces of them as he vividly describes their fears, their efforts, and their worth. The concept is genius because we all have feelings inside for the ones we once loved, but not many people take them and create something that can help inspire others; something that highlights our own flaws while highlighting the way another person's actions positively affected our lives. That alone is beautiful. So many women have touched the lives of men in some of these same ways but may never even know it. Poetry is sometimes placed into a box but this book allows you to see poetry in its many facets, in a transparent and beautiful way. I feel like the world needs more uplifting of women rather than tearing down. How can we create a better atmosphere for the next generation if we can't admit our mistakes and share what we have learned? Honestly this is a book you can read from front to back yet you still pick it up time after time to revisit the moments. You can feel the moments; you can feel the similarities in your own experiences. You can feel like the women who inspired each piece and the man telling the story. You understand that your encounters aren't foreign to others, just usually kept quiet and this book speaks. Once again Pierre has evoked emotion, given clarity, given hope, enlightened. --Curtrice Williams

I found myself more than once and over and over again as I read through the pages and so will you. The words written will represent you and will speak for you and in it you will find your voice and the words you are unable to express but can only think of. You will see your reflection and recognize your truth in a way that will encourage you to be more of who you are and what you stand for and less of what others think you should be. I appreciate such thoughtfulness written by Pierre and spoken in a way that I myself was able to say, that's me, I am her and I am glad that I truly value and know my worth. --Priscilla P. Williams

Mr. Jeanty finds a way to balance the joys and spoils of relationships and create a poetic tribute to the women he once loved. Each piece paints a picture prompting the reader to admire, question and reflect on -- J. Wesley
