When Navy SEAL Sydney Martin feels her twin sister die, she knows that she has her work cut out for her in finding who murdered her. When she gets a delayed text, asking her to protect something, she vows to do just that. What she didn't know was that her investigation would involve her sister's best friend, computer programmer Chance O'Neil, and that they would end up running for their lives in search of the truth all while falling in love. Would they be able to bring the guilty parties to justice before they are caught or will it all be for naught?

Editorial Review

About the Author

Jennis Slaughter was born in Florida in the late fifties and was told by her mother that she was always overly dramatic. When Hollywood didn't beckon, she turned to writing stories in her head. Once she spoke with another online author, she was encouraged to start writing on her own and the rest is history. She prefers writing mysteries and drama and has been called 'The Angst Queen' more than once. She is a firm believer in happy endings and true love.
