### Handbook of Asian Finance: REITs, Trading, and Fund Performance: 2

From Academic Press

Participants in Asian financial markets have witnessed the unprecedented growth and sophistication of their investments since the 1997 crisis. *The Handbook of Asian Finance: Financial Markets and Wealth Management* analyzes the forces behind these growth rates. Insights into banking, fund performance, and the effects of trading technologies for practitioners to tax evasion, market manipulation, and corporate governance issues are all here, presented by expert scholars. Offering broader and deeper coverage than other handbooks, the *Handbook of Asian Finance: Financial Markets and Wealth Management* explains what is going on in Asia today.

- Presents the only micro- and market-related analysis of pan-Asian finance available today
- Explores the implications implicit in the expansion of sovereign funds and the growth of the hedge fund and real estate fund management industries
- Investigates the innovations in technology that have ushered in faster capital flow and larger trading volumes

### Editorial Review

#### Review

"The *Handbooks of Asian Finance* provide expert insight and comprehensive analysis of some of the key issues in Asia's financial markets and institutions. This is a highly recommended resource for business students, policy-makers, professionals, and industry practitioners." --*Stephen Riady, OUE Limited*

"These *Handbooks of Asian Finance* offer an excellent overview of the problems and issues faced by regulators and financial institutions. They provide sufficiently robust analysis and useful practical insights over a wide range of subjects and should be of immense value to those who are interested in Asian finance especially in the East Asian economies." --*Lim Chee Onn, Singbridge Pte Ltd*

"Lee and Gregoriou have put out a useful and topical guide on the rapidly evolving Asian financial landscape, post-crisis. Wide-ranging. In-depth. Practical." --*Raymond Lim, APS Asset Management and former Second Minister of Finance in Singapore*

"Following the Asian financial crisis (1997-98), the Asian economies and financial sectors underwent a far-reaching restructuring and transformation. The much-needed *Handbooks of Asian Finance* are an attempt to deal with them in an in-depth manner. They cover all aspects of Asian financial markets, institutions and pan-Asian financial issues in a lucid and comprehensive way. I have no qualms in recommending them to interested undergraduate and graduate students." --*Dilip K. Das, Woosong University*

"A coherent and comprehensive document embracing an impressive number of timely and topical issues on Asian Finance. A major handbook for students, professors and professionals worldwide interested in the fast-growing Asian financial systems. Each section is written by highly qualified experts in their respective fields." --*Amine Tarazi, Université de Limoges*

"The *Handbooks of Asian Finance* provide a clear and careful analysis of the issues concerning financial markets in Asia. They constitute a 'must' for practitioners, advanced students, and academic specialists in this field. Many thanks to the editors for this great job." --*Bertrand Candelon, Maastricht University*

"The *Handbooks of Asian Finance* cover REITs, trading, fund performance, financial markets, and sovereign wealth funds. They are comprehensive and useful for both academics and practitioners who seek to improve their knowledge about finance in Asia." --*Cheng-Few Lee, Rutgers University*
