## Pearls and Pitfalls in Cosmetic Oculoplastic Surgery From Springer

????*Pearls and Pitfalls in Oculoplastic Cosmetic Surgery*, Second Edition addresses the need among physicians for cleanly distilled and clinically relevant information. The second edition of this popular text highlights the changes and updates to the ever expanding field of facial cosmetic surgery. There are updates to cases such as advances in blepharoplasty techniques, advances in fillers and filler techniques, advances in periorbital fat grafting, advances in brow lifting techniques, and advances in midface rejuvenation?. Additionally, nearly every case has full color illustrations to bring each one to life and there are additional surgical video procedures available on Springer Images to enhance the reader's understanding of various topics.

This concise and practical "how to" book is written and edited by experts in their fields and offers "here's how I do it" advice on the most commonly performed procedures. Each chapter becomes the voice of an expert and experienced colleague, reminding readers of the pearls and pitfalls of each procedure. These pearls will lead to quicker cases, fewer complications, and more satisfactory outcomes for physicians and their patients.?

## Editorial Review

### Review

“The book covers all aspects of cosmetic oculoplastic surgery very thoroughly. ... This text will find its place in many a physician’s armamentarium of references. It should be of use to those who would like to increase their knowledge of the nuances of procedures used in the periocular area. For those who already feel skilled in such procedures, it does provide interesting and helpful ‘pearls’ that make one consider different approaches to various problems.” (Ted Wojno, *Aesthetic Surgery Journal*, Vol. 36 (2), 2016)

### From the Back Cover

*Pearls and Pitfalls in Cosmetic Oculoplastic*

*Surgery, Second Edition* addresses the need

among surgeons for cleanly distilled and clinically

relevant information. The second edition

of this popular text highlights the changes

and updates to the ever expanding field of

facial cosmetic surgery. There are updates

regarding the advances, for example in blepharoplasty

techniques, fillers and filler techniques,

periorbital fat grafting, brow lifting

techniques, and midface rejuvenation. Additionally,

nearly every chapter has full color

illustrations to bring each one to life.

This concise and practical “how to” book is

written and edited by experts in their fields

and offers “here’s how I do it” advice on the

most commonly performed procedures. Each

chapter becomes the voice of an expert and

experienced colleague, reminding readers of

the pearls and pitfalls of each procedure.

These pearls will lead to more efficient techniques,

fewer complications, and enhance

outcomes for physicians and their patients.
