### Editorial Review

#### From School Library Journal

Grade 4-6-This well-researched work explores the girl's life before, during, and after her time in hiding from the Nazis. Lee is obviously taken with her subject but does not fall prey to hero worship. In a clear, engaging style, she shares details of Anne's life, including a letter to an American pen pal. Dialogue is carefully footnoted, as is any mention of feelings or opinions. Black-and-white photographs of the Frank family and the Annex are included. The book offers speculation about who might have betrayed the Franks and ends with a discussion of memorials to Anne around the world. Sandor Katz's Anne Frank (Chelsea, 1996; o.p.) does not have as much information about Anne's life before hiding; Johanna Hurwitz's Anne Frank (JPS, 1988) does not have photographs. This solid biography will supplement classroom study and is a good choice for reports or leisure reading.
