A History of the Western Educational Experience By Gerald L. Gutek

This comprehensive volume examines the impact on education of such momentous world events as the ascendancy of neo-Conservatism, the collapse of the Soviet system, the end of the Cold War, the reunification of Germany, and the resurgence of ethnonationalism. It creates an historical perspective by identifying and analyzing the significant formative ideas and institutions that have shaped the Western educational heritage.

Editorial Review

Review

"The author delivers what he promises: an overview of the history of education in the West. The book is well written and easy to understand, and it defines the terms used. It provides the reader with a great deal of information about key persons and events that have shaped that history and, thus, the educational systems, practices, theories, and organizations found in the West." --*Comparative Education Review, August 1996*

Users Review

From reader reviews:

Joyce Coolidge:

The book A History of the Western Educational Experience make you feel enjoy for your spare time. You need to use to make your capable considerably more increase. Book can to become your best friend when you getting anxiety or having big problem along with your subject. If you can make reading a book A History of the Western Educational Experience being your habit, you can get much more advantages, like add your current capable, increase your knowledge about some or all subjects. Clyde Harlan:

Many people spending their time period by playing outside together with friends, fun activity having family or just watching TV all day every day. You can have new activity to invest your whole day by studying a book. Ugh, you think reading a book really can hard because you have to bring the book everywhere? It ok you can have the e-book, taking everywhere you want in your Smart phone. Like A History of the Western Educational Experience which is obtaining the e-book version. So , why not try out this book? Let's see.

Charles Hopper:

As a student exactly feel bored to help reading. If their teacher questioned them to go to the library in order to make summary for some guide, they are complained. Just tiny students that has reading's internal or real their pastime. They just do what the teacher want, like asked to the library. They go to there but nothing reading critically. Any students feel that reading through is not important, boring in addition to can't see colorful pictures on there. Yeah, it is to become complicated. Book is very important for you personally. As we know that on this period of time, many ways to get whatever we really wish for. Likewise word says, many ways to reach Chinese's country. So , this A History of the Western Educational Experience can make you feel more interested to read.
