Essentials of Managed Health Care, 5th Edition By Peter R. Kongstvedt

As the most widely-used textbook on managed care, Essentials of Managed Health Care provides an authoritative and comprehensive overview of the key strategic, tactical, and operational aspects of managed health care and health insurance. With a primary focus on the commercial sector, the book also addresses managed health care in Medicare, Medicaid, and military medical care. An historical overview and a discussion of taxonomy and functional differences between different forms of managed health care provide the framework for the operational aspects of the industry as well. This revision includes updates to all chapters, as well as: New chapters on disease management, case management, pharmacy benefits management, behavioral health management, prevention, and the use of data and analysis in care management. New chapters on claims administration, sales and marketing, healthcare consumerism, and the employer's view of managed health care. Completely revised chapter on the new Medicare/Medicaid laws and programs. New chapters on the military health system and managed care in a global context. New chapter on HIPAA.

Editorial Review

From Book News

Intended to guide students through the seemingly impenetrable rules involved in today's managed health care system, this text is arranged into six sections: an introduction to the history and managed health care and various plans; an overview of the basic provider sectors and how managed health care works within them; how actually manages health care; the nonmedical operations of a health plan; Medicare and Medicaid; and legal and regulatory issues. Includes chapter-end learning objectives, a glossary, acronyms, and study questions. A study guide providing a chapter-by-chapter summary may be purchased separately. *Copyright © 2004 Book News, Inc., Portland, OR*

Users Review

From reader reviews:

Rebecca Morales:

In this 21st millennium, people become competitive in each way. By being competitive right now, people have do something to make all of them survives, being in the middle of the actual crowded place and notice by surrounding.
