Windows 10 For Dummies (For Dummies (Computers)) By Andy Rathbone

The fast and easy way to get up and running with Windows 10

Windows 10 For Dummies covers the latest version of Windows and gets you up and running with the changes and new features you'll find in this updated operating system. Packed with time-saving tips to help you get the most out of the software, this helpful Windows 10 guide shows you how to manage Windows tasks like navigating the interface with a mouse or touchscreen, connecting to the web, and troubleshooting problems and making quick fixes.

Assuming no prior knowledge of the software, *Windows 10 For Dummies* addresses the updates to Windows and shows you how to get things accomplished. Focusing on the features you'll go to again and again, this new edition of this bestselling tech book will have you quickly finding files, connecting to the Web, gathering your email and social accounts in one spot, managing apps, creating and managing accounts, using online tools, customizing your settings, and so much more—making you a Windows whiz in no time.

- Helps you navigate the twists and turns of the updated Windows interface
- Provides easy-to-follow answers to all of your Windows questions
- Illustrates the new features of Windows 10
- Quickly gets you up to speed on figuring out the changes to the latest version of Windows

Whether you're new to Windows or just looking to get up to speed on what's changed in its latest release, this is the only resource you'll need.

Editorial Review

Review

“Treat ‘Windows 10 For Dummies’ as getting you ready for life after the download and reduce any surprises to how are you are going to deal with it.” (SFCrowsnest, August 2015)

From the Back Cover

Learn to:

- Navigate Windows with a mouse or a touchscreen
- Find lost files and missing apps
- Add email addresses for quick access
- Create accounts for your family or guests

Get Windows 10 advice from the series that helped millions of readers

Windows 10 combines the best features of previous Windows releases into an operating system built to run modern devices. Whether you got Windows 10 with a new gadget or updated an old PC with the new version, this book answers your Windows 10 questions in a snap. Open the book to find help with navigating, customizing, and getting results from Windows 10.

- **Pull back the curtain on Windows 10** — create your Windows account, find all the classic Windows tools, and test the features unique to Windows 10
- **Start at the Start menu** — maneuver your way around the new Windows 10 Start menu and use it to launch your programs and apps
- **Welcome to the world of Windows** — get past the lock screen, sign-in like a breeze, make sense of user accounts, and keep your account private with a password
- **Make the Windows 10 desktop work for you** — spread several programs across the screen, create folders to easily organize your files, customize the taskbar, and use the Recycle Bin to discard unwanted items (and easily retrieve recently deleted files if you need them—whew!)

Open the book and find:

- How Windows 10 blends classic and new Windows features
- Windows 10 hardware requirements
- Why Windows 10 runs well on desktop PCs, laptops, tablets, and phones
- A tour of the Windows 10 interface
- Steps for setting up multiple accounts on one Windows 10 device
- Step-by-step instructions for launching programs and apps
- Ways to make programs easier to find
- Guidance on setting up mobile desktops

Users Review

From reader reviews:

Kurt Haney:

Here thing why this specific Windows 10 For Dummies (For Dummies (Computers)) are different and trusted to be yours. First of all examining a book is good however it depends in the content than it which is the content is as tasty as food or not. Windows 10 For Dummies (For Dummies (Computers)) giving you information deeper since different ways, you can find any publication out there but there is no book that similar with Windows 10 For Dummies (For Dummies (Computers)). It gives you thrill reading through journey, its open up your current eyes about the thing which happened in the world which is perhaps can be happened around you. It is possible to bring everywhere like in playground, café, or even in your means home by train. Should you be having difficulties in bringing the branded book maybe the form of Windows 10 For Dummies (For Dummies (Computers)) in e-book can be your alternate.

Julia Flowers:

Nowadays reading books be than want or need but also be a life style. This reading behavior give you lot of advantages. The advantages you got of course the knowledge the rest of the information inside the book this improve your knowledge and information. The details you get based on what kind of guide you read, if you want attract knowledge just go with training books but if you want really feel happy read one together with theme for entertaining like comic or novel. The actual Windows 10 For Dummies (For Dummies (Computers)) is kind of e-book which is giving the reader capricious experience.

Pearl Dyson:

Many people spending their time frame by playing outside using friends, fun activity with family or just watching TV the entire day. You can have new activity to invest your whole day by examining a book. Ugh, think reading a book really can hard because you have to take the book everywhere? It alright you can have the e-book, having everywhere you want in your Touch screen phone. Like Windows 10 For Dummies (For Dummies (Computers)) which is finding the e-book version. So , try out this book? Let's notice.

Maria Peterson:

That book can make you to feel relax. This book Windows 10 For Dummies (For Dummies (Computers)) was colorful and of course has pictures on there. As we know that book Windows 10 For Dummies (For Dummies (Computers)) has many kinds or category. Start from kids until adolescents. For example Naruto or Detective Conan you can read and think that you are the character on there. So , not at all of book are usually make you bored, any it offers you feel happy, fun and loosen up. Try to choose the best book in your

case and try to like reading in which.
