Editorial Review

Review

'the **most comprehensive effort at multimedia integration** into a traditional textbook to date and has raised the bar for future texts in this area'

'**Distinguished panel** of expert editors and contributors'

'a **pragmatic focus** on basic topics and a true integration of multimedia learning.'

'a **treasure trove** of useful interactive content '

'The full **text, images**, and **figures** from the text are not only faithfully reproduced but also enhanced with a variety of useful adjuncts'

'an **excellent gateway** into the specialty, with a variety of approaches to providing content and built-in active learning aids'

John D. Mitchell, M.D, Anesthesiology 2016; 124:738-40

'a **concise fundamental** version of the iconic Clinical Anesthesia textbook by Barash et al'

'each chapter includes a **generous number of multicolored diagrams, charts, and graphs** to illustrate the points being made in the text.'

'Key points are emphasized in 3 different ways: (1) highlighted **Did You Know** text boxes in the margins, (2) **video clips**, and (3) **multiple-choice question** sets with annotated answers at the end of each chapter'

'the chapters are written in **clear, concise** language and the concepts follow a logical, progressive order of presentation'

'online content contains all the **text, diagrams, figures**, and **appendices** of the paper text as well as some additional **question sets and lectures** '

'**videos** include live action descriptions of procedures, ultrasound imaging, and discussions of graphic representations.'
