Come and Sit with Me: How to Desire Nothing and Manifest Everything By Richard Dotts

Imagine yourself on a beautiful afternoon, sitting on your favorite bench at the park with a dear friend. The birds are chirping melodiously in the background and the sun shines gently through the clouds. A pleasant breeze creates just the right temperature for this momentous occasion. Something special is about to happen...

As you sit next to your friend, you find yourself asking him some of your most intimate questions about the manifestation process, and sharing some of your deepest beliefs about the process. You freely share your struggles, disappointments, fears and frustrations. He listens and answers candidly, but is never judgmental. As the conversation progresses, you feel your layers of resistance and blockages melting away... Suddenly, everything just falls into place and becomes so easy for you. You have finally reached a place of new understanding.

If you had one afternoon with Richard Dotts, what questions would you ask him about manifesting your desires and the creative process? In **Come and Sit With Me**, bestselling author and spiritual explorer Richard Dotts candidly answers some of the most pressing questions that have been asked by his readers. Written in a free-flowing and conversational format, Richard addresses some of the most relevant issues related to manifestations and the application of these spiritual principles in our daily lives. Rather than shying away from tough questions about the manifestation process, Richard dives into them head-on and shows the readers practical ways in which they can use to avoid common manifestation pitfalls.

What ensues is an intriguing conversation that takes readers into the amazing inner world of manifestations, and a discussion filled with manifestation tips and techniques, including:

- How to desire nothing and still manifest everything in your life: Is it even possible to desire nothing in your life? What does it mean to have no desires? How do desires relate to your creative abilities?

- How to create a manifestation “portal” between your current and desired reality: You already have in your possession, all of the tools needed to do this.
- A simple technique for querying your higher self and for sifting through all the information that you come into contact with on a daily basis
- What the Manifestation Paradox is and why the effectiveness / speed of your manifestations will depend on how well you master the manifestation paradox
- Does the Universe really fulfill all your desires and manifest absolutely everything which you can possibly ask for?
- And more...
