Modern Christian Theology By Christopher Ben Simpson

Christopher Ben Simpson tells the story of modern Christian theology against the backdrop of the history of modernity itself. The book examines the many ways that theology became modern while seeing how modernity arose in no small part from theology. These intertwined stories progress through four parts.

In Part I, Emerging Modernity, Simpson discusses the period from the beginnings of modernity in the late Middle Ages through the Protestant Reformation and Renaissance Humanism to the creative tension between Enlightenments and Awakenings of the 18th-century. Part II, The Long Nineteenth-Century, presents the great movements and figures arising out of these creative tension - from Romanticism and Schleiermacher to Ritschianism and Vatican I. Part III, Twentieth-Century Crisis and Modernity, proceeds through the revolutionary theologies of the period of the World Wars such as that of Karl Barth or *nouvelle théologie*. Finally, Part IV, The Late Modern Supernova, lays out the diverse panoply of recent theologies - from the various liberation theologies to the revisionist, the secular, the postliberal, and the postsecular.

Designed for classroom use, this volume includes the following features:

- charts/diagrams/visual organizations of the information presented included throughout
- both a one-page chapter title table of the contents and an expanded (multipage) table of contents
- chapter at-a-glance outlines at the beginning of each chapter
- references to further reading at the end of chapters

Editorial Review

Review

A clear, incisive and judicious survey ... Highly recommended. (*Church of England Newspaper* 2016-06-17)

This is a splendid survey: judicious, precise and generous; marvelously comprehensive and yet concise. Students of modern theology will be deeply indebted to Simpson (*David Bentley Hart*)

This is the best, most up-to-date, attractive, incisive and well-informed elementary guide to modern theology now available. It has no current rivals. (*John Milbank, University of Nottingham, UK*)

Christopher Ben Simpson's book skilfully weaves together the manifold strands of modern Christian theology in a lively and readable manner that makes the subject approachable for the non-specialist. His broad, non-partisan approach shows how the story of Christian theology has always involved a range of often conflicting approaches and that this is likely to continue into the future - a good warning to those specialists insisting too loudly on the exclusiveness of their own claims. (*George Pattison, University of Glasgow, UK*)

About the Author

Christopher Ben Simpson is Professor of Philosophical Theology at Lincoln Christian University, USA. Simpson is the author of *Religion, Metaphysics and Postmodern* (2009), *The Truth is the Way: Kierkegaard's Theologia Viatorum* (2010), *Deleuze and Theology* (2012), and *Merleau-Ponty and Theology* (2014).

Users Review

From reader reviews:

Eugene Obrien:

Do you have favorite book? For those who have, what is your favorite's book? Reserve is very important thing for us to find out everything in the world. Each e-book has different aim or even goal; it means that publication has different type. Some people feel enjoy to spend their the perfect time to read a book. They are really reading whatever they get because their hobby is usually reading a book. Consider the person who don't like reading through a book? Sometime, man feel need book if they found difficult problem or even exercise. Well, probably you will need this Modern Christian Theology.
