## **Editorial Review**

### **Review**

"This is a nursing text book to end all text books as this is so comprehensive and the chapters are well set out and it does not take the reader long to navigate around the book...This is written especially for the nursing students to pass the NCLEX-PN exam. It is still a valuable resource for the nursing student in the UK. As this is so comprehensive, this is a book to refresh the newly qualified nurse and would be a valuable resource in any nursing university or hospital library."

**Nursing Times, April 2013**
