Mastering Lambdas: Java Programming in a Multicore World (Oracle Press)

By Maurice Naftalin

Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) By Maurice Naftalin

The Definitive Guide to Lambda Expressions

Mastering Lambdas: Java Programming in a Multicore World describes how the lambda-related features of Java SE 8 will enable Java to meet the challenges of next-generation parallel hardware architectures. The book explains how to write lambdas, and how to use them in streams and in collection processing, providing code examples throughout. You'll learn how to use lambda expressions to take full advantage of performance improvements provided by today's multicore hardware. This Oracle Press book covers:

- Why lambdas were needed, and how they will change Java programming

- Syntax of lambda expressions

- The basic operation of streams and pipelines

- Using collectors and reduction to end pipelines

- Creating streams

- Spliterators, the fork/join framework, and exceptions

- Examining stream performance with microbenchmarking

- API evolution using default methods

Editorial Review

About the Author

Maurice Naftalin has over 30 years' experience in IT – as developer, designer, architect, manager, teacher, and author. He is a certified Java Programmer and has worked in every release of Java to date. Naftalin's experience in Java and business give him a unique perspective on the fundamental change that comes with introducing Lambda expressions in Java. He is a frequent presenter at conferences worldwide, including the annual JavaOne.

Users Review

From reader reviews:

Heather Sessoms:

The book Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) give you a sense of feeling enjoy for your spare time. You can use to make your capable more increase. Book can for being your best friend when you getting anxiety or having big problem together with your subject. If you can make reading through a book Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) being your habit, you can get considerably more advantages, like add your own capable, increase your knowledge about many or all subjects. You may know everything if you like start and read a reserve Mastering Lambdas: Java Programming in a Multicore World (Oracle Press). Kinds of book are several. It means that, science e-book or encyclopedia or other people. So , how do you think about this reserve?

Mohammed Thomas:

What do you regarding book? It is not important along? Or just adding material when you really need something to explain what yours problem? How about your time? Or are you busy man? If you don't have spare time to perform others business, it is make one feel bored faster. And you have spare time? What did you do? Everyone has many questions above. They need to answer that question since just their can do in which. It said that about guide. Book is familiar in each person. Yes, it is right. Because start from on guardería until university need that Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) to read.

Roger Thomas:

Here thing why that Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) are different and reliable to be yours. First of all looking at a book is good however it depends in the content than it which is the content is as delicious as food or not. Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) giving you information deeper and different ways, you can find any publication out there but there is no book that similar with Mastering Lambdas: Java Programming in a

Multicore World (Oracle Press). It gives you thrill reading through journey, its open up your personal eyes about the thing that happened in the world which is possibly can be happened around you. It is easy to bring everywhere like in playground, café, or even in your means home by train. For anyone who is having difficulties in bringing the branded book maybe the form of Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) in e-book can be your option.

Sherri King:

That reserve can make you to feel relax. That book Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) was multi-colored and of course has pictures around. As we know that book Mastering Lambdas: Java Programming in a Multicore World (Oracle Press) has many kinds or variety. Start from kids until teens. For example Naruto or Detective Conan you can read and feel that you are the character on there. Therefore not at all of book are generally make you bored, any it can make you feel happy, fun and loosen up. Try to choose the best book for you and try to like reading this.
