### Rules of the Pack By Adaline Raine

Alisha Knight is a down-to-earth woman who just so happens to have her sights set on the beta of a large werewolf pack. But despite the way her body reacts to his powerful presence, bitter experience has shown her that a wolf pack is no place for a human girl.

As his alpha's trusted second-in-command, Phil McKenna takes his responsibilities seriously, even when that means taking disobedient females over his knee for an attitude adjustment. Though he is smitten with Alisha, the feisty little human friend of his alpha's mate, humans and wolves don't usually mix well and her presence could easily put both her and the pack in danger.

Yet try as he might, Phil can't keep his hands off Alisha. His fearsome urge to mark her, claim her, and dominate her completely is only increased when her defiant attitude earns her a hard, bare-bottom spanking. But when the pack is attacked by a cunning, vicious enemy and Alisha's life is put in grave peril, Phil must decide if he is ready to cast aside caution and take her as his mate.

Publisher's Note: Rules of the Pack is the sequel to Marked by the Alpha. It is an erotic romance novel that includes spankings, sexual scenes, and more. If such material offends you, please don't buy this book.
