### The Undertakers: Queen of the Dead By Ty Drago

Twelve -year old Will Ritter and his rag-tag army of teenage resistance fighters may have triumphed over the Zombies (alien-possessed corpses) last time...but that's the thing about the dead- they keep coming back. A new Corpse leader has crossed the rift and taken command of the invasion: The Queen of the Dead is even more brilliant and ruthless than her predecessor, and her ambitions are even deadlier. Will and the crew must somehow rescue his mother, prevent an assassination, and show FBI Agent Ramirez the truth about the Corpses-and the danger the world faces.

But how do a bunch of kids prove to a grown-up that monsters are real?

### Editorial Review

From School Library Journal

Gr 5-10-Creatures from another dimension are trying to take over the world, and only kids like Will Ritter can see them. These beings inhabit human corpses, projecting a cover image that fools most people, but Will and the rest of the Undertakers see the rotting bodies beneath the glamor. In *Rise of the Corpses* (Sourcebooks, 2011), the young people foiled the plans of one of the Corpses and discovered a key weakness, but now a woman known to them as the Queen of the Dead has taken on the persona of Lilith Cavanaugh, a city planner, and has two goals: to increase her political power and to eradicate the Undertakers. Will and his friends face greater challenges than ever as they fight this new evil. As in the previous book, this one is full of fast-paced action and gripping suspense, along with a dose of humor. Drago does a good job of including key details from the first book as they are relevant to the plot, making it possible to enjoy this novel on its own. However, readers will get the most out of this book if they are familiar with the first one. Hand this series to readers who are looking for zombie stories and books with a lot of action.-Misti Tidman, Licking County Library, Newark, OH α(c) Copyright 2011. From [Booklist](#)

When the Corpses return to Philadelphia, their boss is ticked that they were defeated by 12-year-old Will and his fellow Undertakers (which occurred in *Rise of the Corpses*, 2011). The queen of these zombielike creatures “crossed the Void between worlds on Halloween” to ruthlessly lead her minions in their revengeful attempt to take over the earth, and what follows is a play-by-play of rotting cadavers versus resourceful and brave teens. Each side has its own chapters, perspectives, successes, and occasional plodding plotting before the final (at least until the third book) climax, which anyone clamoring for some entertaining macabre adventures will want to devour. Grades 4-7. --Andrew Medlar

Review

"anyone clamoring for some entertaining macabre adventures will want to devour.

" - *Booklist*

"The action in this book is exciting and engaging and will captivate zombie fans from start to end.
