### Editorial Review

#### Review

"David Benem has crafted **a very dark sort of fantasy** here - one that is violent and sometimes even vulgar - but one in which all of the pieces are polished to a shine, **dazzling the reader** from start to finish." --**Beauty in Ruins**

"**Benem's writing shines** amid a sea of lackluster novels... It's got wonderful appeal to fans of dark traditional fantasy who are looking for new voices. This was **a fantastic find**, and I'm already looking forward to the second book in the series!" --**Bibliotropic.net**

"We bought into the characters and the story and that is really all it takes--once an author has achieved that with a reader much of the hard work is done. Added to that was a wry humor that worked really well and world-building that felt, well, like a real world being described. **The book strengthened with each page...** 8.5/10" --**Fantasy Book Review**

"Tired of reading the the same old stale fantasy? Well David Benem has something to say about that. The answer is, of course, to read his **remarkably good** *What Remains of Heroes*. If you want an epic fantasy that dwells in the gritty spectrum while also retaining a philosophical and introspective edge to it, ***What Remains of Heroes* delivers these in spades.**" --**Best Fantasy Books**

"What Remains of Heroes is **a true diamond.**" --**The Royal Library**

"Make no mistake, this is a tale of vengeance and done quite well." --**Speculative Book Review**
